

International Conference on Scientific Computing and its Applications

(SCA-2026)

March 14-15, 2026

Faculty of Mathematical Sciences
South Asian University, New Delhi

CERTIFICATE OF PAPER PRESENTATION

This is to certify that Ms. Ana-Maria Orita of Laboratoire de Mathématiques Blaise Pascal, Université Clermont Auvergne, France, has presented a paper titled "Uniform observability and spectral effects in high-order finite difference approximations" in the International Conference on Scientific Computing and its Applications (SCA-2026) organized by the Faculty of Mathematical Sciences, South Asian University, New Delhi, during March 14-15, 2026 (Online Mode).
